Education

Assam Down Town University

Bachelor of Technology in Computer Science and Engineering (SGPA of 8.81)

August 2020 - August 2024

Assam, India

Projects

Codetastes | *TypeScript, React Nextjs, MongoDB* | <https://ctfin.vercel.app>

Present

- Building a next-gen platform for Programming enthusiasts.
- Programming enthusiasts can find roadmaps, courses, and notes here. There is a section 'Ctoverflow' and it's the section where the coders/developers can ask doubts, post their works, share Programming problems and get the solutions. The 'Ctoverflow' is going to be the social media for Programming enthusiasts.

CodingClub Website | *HTML/CSS/JS, PHP, MYSQL* | <https://codingclub.tastewist.com>

Oct, 2022

- A Coding Club Website for an Institution/University .
- It's a responsive and dynamic website with Javascript chatbot and a responsive admin panel. Features: Students can register to the coding club and contact, Students can find notices about what's going on in the coding club. There are resources and study materials for the students. And there is a project section where we upload the Projects built by students to showcase their skills.

Achievements

- Finscan app (a Camera Scanner app) which is developed by me by watching tutorials got published in Amazon Appstore.
Link:<https://www.amazon.com/gp/product/B09QTM6DQN>
- Ezinote app (Android app) which is developed by me by watching tutorials got published in Amazon Appstore.
Link:<https://www.amazon.com/gp/product/B0BLQ4X1LH>
- Solved more than 2000+ problems across platforms

Profile Links

- Portfolio
- GitHub
- Codechef
- Leetcode
